

# COLLEGE & CAREER PROGRAM

Located in the **Learning Lab**, featuring free access to laptop computers, printers and the Internet!

Our College & Career Program is designed to help our teen moms succeed in college and in their chosen career path, providing practical tools and support including advising, tutoring for ANY kind of class, computer/printer access, educational workshops and more. It is our goal to help our teen moms move on to further education and find jobs that pay a wage that will allow them to be self-sufficient and independent of government assistance.

## SAMPLE PROGRAM COSTS

**\$75** Interview Outfit

**\$50** Childcare during class (five hours of Early Learning attendance)
